WHAT MAKES OUR WEB PAGE SPECIAL
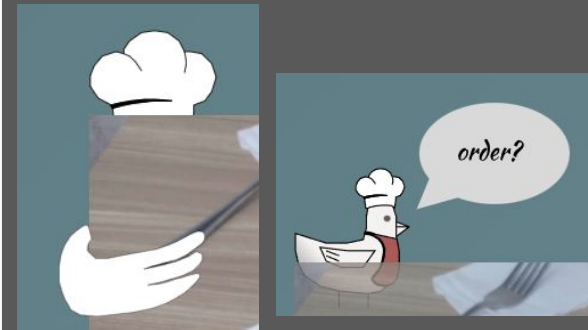

Strong Theme

Season Theme for the web page

Hand painted Assets

Some Assets are handMade to fit the theme

Interactive elements

Elements are less static and more interactive

ABOUT THE PROJECT

overall layout

- core philosophy:

  busy yet clear

- design philosophy:

  clear theme -> more lively look.

interactive elements

TODO:

lively and less static:
- falling elements when scrolling
- image enlargement(requirement)
- animated border around articles
- buttons style change(requirement)
- modals

work on a variety of screen sizes:
- highlight the content, strip away the rest

Different themes

Autumn:
Cozy feel, season of harvest, makes you want to be a couch potato and inhale calories

spring:
peaceful feel, a calm night with sakura petals, makes you unwind and slow down to savor every bite

summer:
vibrant feel, a energetic day on the beach, makes you go wild and go bold, on both your body, and food

winter:
festive feel, filled with christmas cheer and merry, Where sweet and savory dishes bring warmth and joy.

handmade assets

We used figma to create our asset as we can not use any online resources:

Eating Tips

Udon noodles can be enjoyed
with a plethora of different
spices and sauces. My personal
favorite is shichimi togarashi,
which I recommend adding
liberally to add a little more
punch. Most Udon places will
also have fried breading, add
those too to really make the
dish complete.

Search bar

For the search bar functionality, if the search bar is empty or no matches are found, an error message will be displayed below the search bar. If a match is found, the webpage will navigate to the relevant location, and the content entered in the search bar will be highlighted (highlighted areas include the main text, eating tips, and subtitles).
